(2) Provided that—

(a) The employer shall not be liable under this Act in respect of any injury which does not disable the workman for a period of at least one week from earning full wages at the work at which he was employed.

(b) When the injury was caused by the personal negligence or wilful act of the employer or of some person for whose act or default the employer is responsible, nothing in this Act shall affect any civil liability of the employer, but in that case the workman may, at his option, either claim compensation under this Act or take proceedings independently of this Act, but the employer shall not be liable to pay compensation for injury to a workman by accident arising out of and in the course of the employment both independently of and also under this Act, and shall not be liable to any proceedings independently of this Act, except in case of such personal negligence or wilful act as aforesaid.

Provided always that—

- (a) The want of notice or any defect in or inaccuracy in such notice shall not be a bar to the maintenance of such proceedings if it is found in the proceedings for settling the claim that the employer is not, or would not, if a notice or an amended notice were then given and the hearing

postponed, be prejudiced in his defence by the want, defect, or inaccuracy; or that such want, defect or inaccuracy was occasioned by mistake, absence from the Colony, or other reasonable cause; and

- (b) The failure to make a claim within the period above specified shall not be a bar to the maintenance of such proceedings if it is found that the failure was occasioned by mistake, absence from the Colony, or other reasonable cause.

(2) The Government engineer may give a certificate, to expire at the end of a limited period of not less than five years, and may from time to time renew, with or without modifications, such a certificate to expire at the end of the period for which it is renewed.

(3) No scheme shall be so certified which contains an obligation upon the workmen to join the scheme as a condition of their hiring, or which does not contain provisions enabling a workman to withdraw from the scheme.

(4) If complaint is made to the Government engineer by or on behalf of the workmen of any employer that the benefits conferred by any scheme no longer conform to the conditions stated in sub-section 1 of this section, or that the provisions of such scheme are being violated, or that the scheme is not being fairly administered, or that satisfactory reasons exist for revoking the certificate, the engineer shall examine into the complaint, and if satisfied that good cause exists for such complaint, shall, unless the cause of complaint is removed, revoke the certificate.

(5) When a certificate is revoked or expires, any moneys or securities held for the purpose of the scheme shall, after provision has been made to discharge the liabilities already accrued, be distributed as may be arranged between the employer and workmen, or as may be determined by the Government engineer in the event of a difference of opinion.

(6) Whenever a scheme has been certified as aforesaid, it shall be the duty of the employer to answer all such enquiries and to furnish all such accounts in regard to the scheme as may be made or required by the Government engineer.

(7) The Government engineer shall make regulations for the purpose of carrying this section into effect.

4. (1) Where in any employment to which this Act applies, any person (in this section referred to as the principal), in the course of, or for the purpose of his trade or business, contracts with any other person (in this section referred to as the contractor), for the execution by or under the contractor of the whole or any part of the work undertaken by the principal, the principal shall be liable to pay to any workman employed in the execution of the work, any compensation under this Act which he would have been liable to pay, if that workman had been immediately employed by him; and where compensation is claimed from or proceedings are taken against the principal then, in the application of this Act, references to the principal shall be substituted for references to the employer except that the amount of compensation shall be calculated with reference to the earnings of the workman under the employer by whom he is immediately employed.

(2) Where the principal is liable to pay compensation under this section, he shall be entitled to be indemnified by any person who would have been liable to pay compensation to the workman independently of this section.

(3) Nothing in this section shall be construed as preventing a workman recovering compensation under this Act from the contractor instead of the principal.

(2) If the liability of the insurers to the workman is less than the liability of the employer to the workman, the workman may prove for the balance in the insolvency or liquidation.

(3) There shall be included among the debts which under section 249 of the Judicature Act, 1904, are in the distribution of the property of an insolvent and in the distribution of the assets of the company being wound up, to be paid in priority to all other debts, the amount, not exceeding in any individual case five hundred dollars, due in respect of any compensation, the liability whereof accrued before the date of the filing of the petition in insolvency, or the date of the commencement of the winding-up, and the Acts relating thereto shall have effect accordingly. Where the compensation is a weekly payment, the amount due in respect thereof shall, for the purposes of this provision, be the amount of the lump sum as the Court or Judge may, on the application of either party, settle for the redemption of such weekly payment

(4) The provisions of this section with respect to preferences and priorities shall not apply where the insolvent or

the company has entered into such a contract with insurers as aforesaid.

(5) This section shall not apply where a company is wound up voluntarily for the purposes of reconstruction or of amalgamation with another company.

6. Where the injury for which compensation is payable under this Act was caused under circumstances creating a legal liability in some person other than the employer to pay damages in respect thereof—

(1) The workman may take proceedings both against that person to recover damages and against any person liable to pay compensation under this Act for such compensation, but shall not be entitled to recover both damages and compensation; and

(2) If the workman has recovered compensation under this Act, the person by whom the compensation was paid, and any person who has been called upon to pay an indemnity under the section of this Act relating to sub-contracting shall be entitled to be indemnified by the person so liable to pay damages as aforesaid.

Amount of
compensation.

1. The amount of compensation under this Act shall be :

(a) Where death results from the injury—

(i.) If the workman leaves any dependents wholly dependent upon his earnings, a sum equal to his earnings in the employment of the same employer during the three years next preceding the injury, or the sum of seven hundred and fifty dollars, whichever of those sums is the larger, but not exceeding in any case fifteen hundred dollars, provided that the amount of any weekly payments made under this Act, and any lump sum paid in redemption thereof, shall be deducted from such sum, and, if the

period of the workman's employment by the said employer has been less than the said three years, then the amount of his earnings during the said three years shall be deemed to be one hundred and fifty-six times his average weekly earnings during the period of his actual employment under the said employer.

Amount of
compensation.

(ii.) If the workman does not leave any such dependents, but leaves any dependents in any part dependent upon his earnings, such sum, not exceeding in any case the amount payable under the foregoing provisions, as may be agreed upon, or, in default of agreement, may be determined, to be reasonable and proportionate to the injury to the said dependents; and

(iii) If he leaves no dependents, the reasonable expenses of his medical attendance and burial, not exceeding fifty dollars.

(b) Where total or partial incapacity for work results from the injury, a weekly payment during the incapacity not exceeding fifty per cent. of his average weekly earnings during the previous twelve months, if he has been so long employed, but if not then for any less period during which he has been in the employment of the same employer, such weekly payment not to exceed five dollars.

Provided that—

(a) If the incapacity lasts less than two weeks no compensation shall be payable in respect of the first week; and

(b) As respects the weekly payments during total incapacity of a workman who is under twenty-one years of age at the date of the injury, and whose average weekly earnings are less than five dollars, one hundred per cent. shall be substituted for fifty per

cent. of his average weekly earnings, but the weekly payment shall in no case exceed two dollars and fifty cents

Earnings and average week earnings.

(2) For the purposes of the provisions of this Schedule relating to "earnings" and "average weekly earnings" of a workman, the following rules shall be provided:

- (a) Average weekly earnings shall be computed in such manner as is best calculated to give the rate per week at which the workman was being remunerated: Provided that where by reason of the shortness of the time during which the workman has been in the employment of his employer, or the casual nature of his employment, or the terms of the employment it is impracticable at the date of the accident to compute the rate of remuneration, regard may be had to the average weekly amount which, during the twelve months previous to the accident, was being earned by a person in the same grade, employed at the same work by the same employer, or, if there is no person so employed, by a person in the same grade employed in the same class of employment and in the same district.
- (b) When the workman had entered into concurrent contracts of service with two or more employers under which he worked at one time for one such employer, and at another time for another such employer, his average weekly earnings shall be computed as if his earnings under all such contracts were earnings in the employment of the employer for whom he was working at the time of the accident.
- (c) Employment by the same employer shall be taken to mean employment by the same employer in the grade in which the workman was employed at the time of the accident, uninterrupted by absence

from work due to illness or any other unavoidable cause.

- (d) Where the employer has been accustomed to pay to the workman a sum to cover any special expenses entailed on him by the nature of his employment the sum so paid shall not be reckoned as part of the earnings.

(3) In fixing the amount of the weekly payment, regard shall be had to any payment, allowance or benefit which the workman may receive from the employer during the period of his incapacity, and in the case of partial incapacity the weekly payment shall in no case exceed the difference between the amount of the average weekly earnings of the workman before the accident, and the average weekly amount which he is earning or is able to earn in some suitable employment or business after the accident, but shall bear such relation to the amount of that difference as under the circumstances of the case may appear proper.

(4) Where a workman has given notice of an accident he shall, if so required by the employer, submit himself for examination by a duly qualified medical practitioner provided and paid by the employer, and, if he refuses to submit himself to such examination or in any way obstructs the same, his right to compensation, and to take or prosecute any proceeding under this Act in relation to compensation, shall be suspended until such examination has taken place.

(5) The payment in the case of death shall be paid to such person as the Court or a Judge thereof may direct, and any sum so paid shall, subject to the provisions of this Schedule, be invested, applied, or otherwise dealt with by the Court in such manner as the Court or a Judge thereof thinks fit for the benefit of the persons entitled thereto under this Act, and the receipt of such persons shall be a sufficient discharge in respect of the amount paid in.

Provided that, if so agreed, the payment in case of death shall, if the workman leaves no dependents, be made to his

legal personal representative, or, if he has no such representative, to the person to whom the expenses of medical attendance and burial are due.

Payment during
legal disability.

(6) Where a weekly payment is payable under this Act to a person under any legal disability the Court or a Judge thereof may order that the weekly payment be paid during the disability to such person as the Court or a Judge shall order, and the provisions of this Schedule with respect to sums required by this Schedule to be paid, shall apply to sums paid in pursuance of any such order.

Settling of
dependents.

(7) Any question as to who is a dependent and the amount payable to each dependent shall, in default of agreement, be settled by the Court or a Judge. Where there are both total and partial dependents nothing in this Schedule shall be construed as preventing the compensation being allotted partly to the total and partly to the partial dependents.

Investment of
sum for depen-
dents.

(8) Where, on application being made, it appears to the Court or a Judge thereof that, on account of neglect of children on the part of a widow, or on account of the variation of the circumstances of the various dependents, or for any other sufficient cause, an order of the Court or a Judge thereof, as to the apportionment amongst the several dependents of any sum paid as compensation or as to the manner in which any sum payable to any such dependent is to be invested, applied or otherwise dealt with, ought to be varied the Court or a Judge thereof may make such order for the variation of the former order, as in the circumstances of the case the Court or Judge may think just.

apply to invest-
ments.

(9) Any sum which under this Schedule is ordered to be invested, may be invested in whole or in part in the manner provided by the Trustees' Act, 1898.

Medical
examination.

(10) Any workman receiving weekly payments under this Act shall, if so required by the employer from time to time submit himself for examination by a duly qualified medical practitioner, provided and paid by the employer. If the workman refuses to submit himself to such examination, or

in any way obstructs the same, his right to such weekly payments shall be suspended until such examination has taken place.

(11) Any weekly payment may be reviewed at the request either of the employer or of the workman and on such review may be ended, diminished or increased, subject to the maximum above provided, and the amount of payment shall, in default of agreement, be settled by the Court or a Judge thereof. Receiver of weekly payment.

Provided that where the workman was at the date of the accident under twenty-one years of age and the review takes place more than twelve months after the accident, the amount of the weekly payment may be increased to any amount not exceeding fifty per cent. of the weekly sum which the workman would probably have been earning at the date of the review if he had remained uninjured, but not in any case exceeding five dollars.

(12) Where any weekly payment has continued for not less than six months, the liability therefor may, on the application by or on behalf of the employer, be redeemed by the payment of a lump sum to be settled, in default of agreement, by the Court or a Judge, and such lump sum may be ordered to be invested or otherwise applied as above mentioned: Provided that the said weekly payments and lump sum together shall not exceed fifteen hundred dollars. Payment of limit sum.

(13) A weekly payment or a sum paid by way of redemption thereof shall not be capable of being assigned, charged or attached, and shall not pass to any other person by operation of law, nor shall any claim be set off against the same. Assignment of such payment.
